Merry Christmas and Happy 2000

Wishes from the Wolbert Family!

We share our accomplishments of the past year by sending you this booklet of photographs. We hope you enjoy it.

Our web site, (<http://www.jps.net/k6xx>) has the photographs in color if you are interested (or insane).

Everyone, Emily, Lisa, Sarah, Miki, and Bob, enjoyed another happy, healthy year. The two “big girls” wrote the captions for their own photographs this time.

Emily celebrated her second birthday in April. She attends preschool twice weekly.

Lisa was six in February. She finished

Kindergarten and now is a first grader. She'll appear in her dance class Christmas production.

Sarah attained the lofty age of nine in July. She is a fourth grade math whiz and also attends Japanese Saturday school. Sarah is a great helper with Emily.

Miki has been very busy with her NuSkin business and her Emily business. She teaches a painting class each week.

Bob is an independent consultant for the semiconductor industry. The big project now is the construction planning for the new

Good help is hard to find. We couldn't find any, so Grandpa helped dig the first hole for the radio antennas in Santa Cruz.

“castle” in Santa Cruz.

Speaking of which, we purchased a number of mountain top acres north of the city of Santa Cruz. Once we traverse the bureaucratic maze that is the building department in that county, we'll begin construction. With a little luck, by next year at this time we'll have moved in.

The girls begin their trip to Japan in June
